Science & Sustainability Camp: June 19th - 30th

Students will enjoy the warm outdoors during the beginning of the summer, while learning more about nature and sustainability. They'll work on fun activities that aim to engage all their senses, promote sustainable practices, and enhance fine motor development.

Sports Camp: July 3rd - 14th (no camp on July 4th)

Is your child interested in enhancing their athletic abilities? Try sports camp! Students will get a chance to learn new sports while engaging in teamwork with their classmates. They will also practice motion, balance, muscle strength, coordination, and endurance.

Intro to Musical Theatre Camp: July 17th - 28th

If your child is interested in theatre life, this is the camp for them! Students will learn singing & acting skills before putting on a show during the second week. This is a great opportunity to boost your child's confidence through acting, singing, or public speaking.

Farm to Fork Camp: July 31st - August 11th

Get to know more about the foods that we eat everyday! Students will get to practice hands-on gardening skills while planting seasonal fruits and vegetables. After spending time outdoors, the campers will practice their cooking skills with locally-sourced produce.
